

SPECIAL SHOWER ENCLOSURES

Made to measure special shower enclosures

Chiltern Invadex offer an extensive range of shower enclosure options to help overcome issues with room layout, space availability and client requirements. For instance, a whole enclosure can be made to a special size in accordance with the measurements supplied (subject to confirmation).

How to order your bespoke shower enclosure

1. A drawing is required; this can be emailed, faxed or posted. A PDF file is preferable.

NOTES:

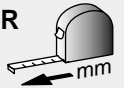

It is important that accurate measurements are provided detailing the distance at W, X&Y (this is to check whether walls are square) and Z as shown right.

If a special door enclosure is required please indicate the shower tray model it relates to (if required).

2. On receipt of your bespoke enclosure requirements the Chiltern Invadex Technical Department will confirm feasibility of requested design or advise an alternative solution.

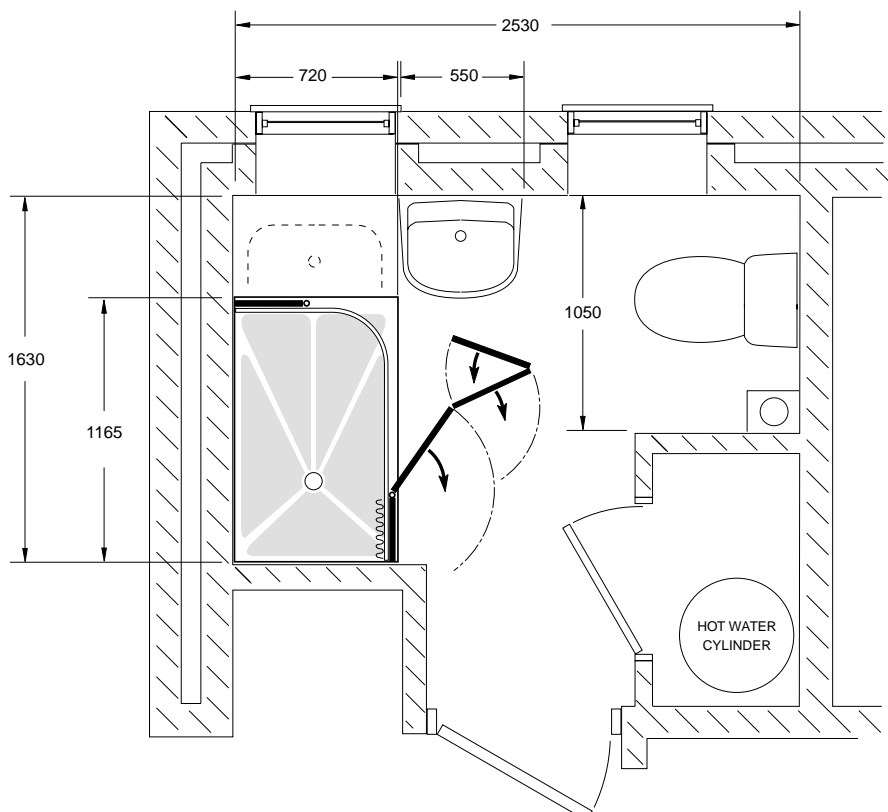

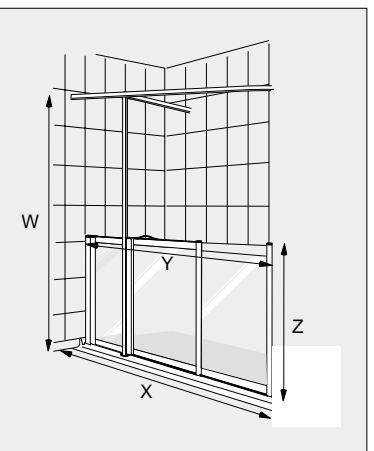

3. A written quotation is provided based on the final drawing and delivery details confirmed.

SPECIAL SHOWER ENCLOSURES

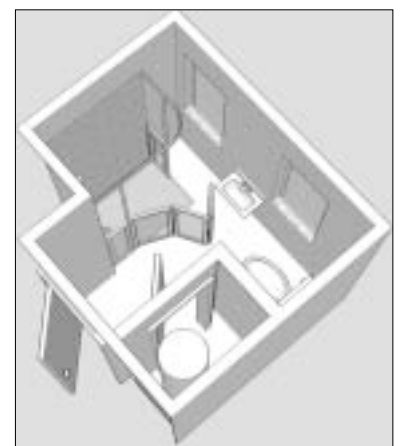

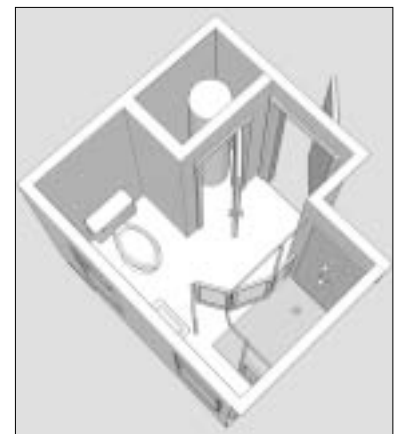

There may be circumstances where a special enclosure is required due to space restrictions or client requirements.

Please call the **Technical Helpdesk on 01869 365500 for assistance.** Dimensions and plan details will be required.

Typical situation where a special door configuration was designed to suit site conditions. 3D versions are shown right.
